We have several offers, that are listed below, available to satisfy nearly any advertising budget.

Company Profile Page \$150.00 annual (includes design and 1 free link)

The company profile page offers the advertiser a complete webpage about their business. The webpage will usually contain several images, a description of the business, some sample menu items or products, the business address and a map to your location, your telephone number, website url, and hours of operation. The company profile page is a great starting tool for any business that doesn't already have a website or would like to enhance their existing web presence by increasing their reciprocal links. The company profile includes the webpage design with content which is provided by the advertiser. The company profile page also includes a free text link in our links section (\$60.00 value).

Professional Press Releases \$50.00 for 1 Release or \$100.00 for 3 Releases

Press Releases are a great way to spread the news about your new restaurant, menu, location, Chef, etc. Our press release service will provide your business with great exposure on our advertising network. When we publish your release, it will be available on our homepage rotation for one month, after that it will still be available in the Press Release Section of our websites for another 5 months. After 6 months the Press Release will be moved permanently to our Press Release

Archives Section where it will remain available unless otherwise instructed by the advertiser.

Front Page Advertising Banners and Positions

Front page ads are displayed on the front page or home page of the websites. The front page ads will generate the most impressions and will return a higher click through ratio than the other ad positions.
